ABOUT US...

British School of Grooming is a family run business that is based in Bolton, North West of England

We provide a range of services that offer a route into high quality learning and skills development that help to increase learners' employability and experience that fit with today's industry needs.

British School of Grooming is an accredited AIM Qualifications training centre recognised and regulated by Ofqual.

We receive amazing feedback from students who go on to be successful dog groomers. The key to our success is our ability to link the practical and the theory giving a fully blended learning experience.

Another aspect to our courses is the hands-on nature of the dog grooming courses, and our large model bank of dogs which ensures you have a fully rounded educational experience. You will be able to observe the day to day running of the business and get a feel for the profession you are about to undertake.Places are often limited due to demand so book well in advance to avoid disappointment.

We constantly strive to develop our courses to ensure students leave us fully equipped and confident. We have formulated a course that covers every aspect of dog grooming so you feel ready to start your new career as soon as you finish the course.

PN

ABOUT US...

We believe in hands on training as the best way to learn and our Elite model club has a huge variety of dogs of all breeds for students to work on and our groom standards are extremely high with attention to detail. You will leave us fully equipped to embark with confidence into one of the biggest growing industries in the UK.

At British School of Grooming we are extremely passionate about animal welfare and support local dog rescue Saving Strays Animal Rescue grooming their rescues through our facilities.
Our grooming courses lead by our experienced tutors provide students with high levels of confidence and support every step of the journey enabling you to start professionally grooming before the course has been fully complete!!
If you are looking for a change of career dog grooming is a growing industry, and an enjoyable and rewarding career.

COURSE OVERVIEW

WE TRAIN OUR STUDENTS TO REACH THEIR MAXIMUM POTENTIAL.

Our AIM Level 3 Diploma in Dog Grooming is the most popular course and is an ideal option for beginners with no previous experience or those looking to become professional dog groomers or those who already groom dogs but do not currently hold a nationally recognised qualification.
The course is designed for those wanting to become professional dog groomers and earn a living within the industry. Learners can access this course without any other formal qualification or experience. Upon completion of the national recognised AIM Level 3 Diploma in Dog Grooming, you will be a fully equipped dog groomer able to be self-employed establishing your own local dog grooming business, work in a salon, rent a table with an existing established groomer, or go mobile.

We believe the best way to gain confidence is to experience as much hands-on practice as possible which is why our course is majority practical based.

All the dogs and equipment are provided for you whilst you are on the course giving you a good variety of breeds, coat types, styles, techniques, behaviours, and tools of the trade. The qualification covers assessing, planning, and recording grooming work, health checking dogs prior to grooming and essential first aid. The course is made up of a range of theoretical and practical units related to canine health and wellbeing and cutting and trimming dogs' coats.

COURSE OVERVIEW

Learn about the laws and regulations that govern professional dog grooming, including animal welfare, health and safety, hygiene requirements and your legal responsibilities when caring for dogs.

09 PROMOTE, MONITOR AND MAINTAIN THE HEALTH AND WELLBEING OF DOGS

Develop an understanding of how to promote and maintain dogs' health and wellbeing through appropriate care, nutrition, exercise and hygiene. Learn how to recognise signs of good and poor health, identify potential health concerns, monitor changes in a dog's condition and understand when veterinary advice may be needed.

EXTRAS

EMMI-PET TEETH CLEANING TRAINING

Boost your grooming expertise with our free Emmi-Pet Teeth Cleaning Training, offered as a complimentary gift when you choose to study with us. This optional training introduces you to the Emmi-Pet Ultrasonic Toothbrush — a safe, silent, and highly effective tool for delivering gentle dental care for both dogs and cats.

What You'll Learn

- How to professionally clean pets' teeth using the Emmi-Pet ultrasonic toothbrush.
- The science behind ultrasonic dental cleaning — no scrubbing, no noise, no stress.
- How to assess and understand pet oral health, including recognising early signs of dental issues.
- The benefits of routine dental hygiene in preventing plaque, tartar build-up, and gum disease.
- Best practices for working with anxious or sensitive pets during the cleaning process.

Why Pet Dental Care Matters

Dental health is one of the most overlooked aspects of pet care. Many owners underestimate its importance, yet bacteria from untreated tartar can enter the bloodstream, affecting vital organs and potentially leading to serious health problems. Just like humans, pets need routine dental care to stay healthy and comfortable.

A Bonus Skill to Elevate Your Grooming Business

By completing the complimentary Emmi-Pet training provided with your course enrolment, you'll be able to offer an in-demand, value-adding service that supports the health and wellbeing of pets — while giving your grooming business a competitive edge.

FREE MARKETING & BUSINESS SEMINARS

At the British School of Grooming, we don't just teach dog grooming—we help you build a business. Every AIM Level 3 student gets free access to our Marketing & Business Management Seminar, led by industry expert Hayley Egan.

Learn to:

- Build a professional brand and online presence
- Run effective advertising campaigns
